Diamonds!

The belief in the value of
DIAMONDS as an investment is rapidly
becoming a popular one. There are
excellent reasons for this:

First, they are eagerly sought after
by everybody. Their extreme
brilliance and beauty together with their
durability and steadily rising value
make them especially desirable as
an investment as they can at a pinch
be readily turned into cash. Many a
person has been saved great incon-
venience through possession of a
diamond ring.

We HAVE SOME exceptional val-
ues at this time. The fact is, every
sensible person knows that in the dull
summer season things are sold more
cheaply than at any other time. We
can show you extraordinary values
also in cut glass and silverware.
Call and see us.

NEW ALBUQUERQUE TESTIMONIAL FOR

INDUSTRY GETS BIG AWARD

Chicago Mill and Lumber

Clark at Santa Fe.

Much Esteemed Woman Who
Died in Albuquerque Recently, Highly Eulogized by
Pueblo Baptist Congregation

A sincere testimonial to the life and character of the late Mrs. Carrie Strong Bostwick has been received by her daughter and son-in-law, Mr. and Mrs. Abel Holmboe of this city from the members of the First Baptist church of Pueblo, Colo., where Mrs. Bostwick was for some time associated with the activities of the church.

The letter reads:

"While we know that our heavenly Father doeth all things well, and that all things work together for good to them that love God and are called according to his purpose, nevertheless we can not help feeling a sadness in learning of the death of our dear brother, Mrs. Bostwick."

While she lived in Pueblo she was always an earnest worker and member and faithful attendant at all services of our church and since she returned her membership we have heard from her regularly, and we wish to commend to all her Christian character and example.

Therefore, be it resolved by the New State band, in regular meeting assembled, that a committee of three be appointed by the chair to extend our sincerest expressions of condolence to the bereaved mother, brother, sister and relatives of our brother, he it further.

Resolved, that a copy of these resolutions be handed to the Albuquerque Evening Herald.

That New Mexico is becoming suf-
ficient unto itself is again attested by the fact that the Chicago Mill and Lumber company of this city has been awarded the contract for all the mill work which will go into the residence of James E. Clark at Santa Fe. Although it has been necessary in past years to send abroad for this kind of material, as there were no plants in New Mexico able to supply the demands for high grades of mill work, since the installation of the up-to-date machinery of the Chicago Mill and Lumber company it is possible to get this stuff right at home, and moreover at a great deal better price as the enormous freight charges are eliminated in the home buying.

Superintendent Clark, who is erecting a beautiful home in the Capital City, which will be perhaps the most modernly equipped structure that has been put up there, awarded not only the contract for the mill work to the Albuquerque firm, but even asked Manager Olbrich of the firm to superintend the construction of this material to insure its conforming to the highest standards of the building trades.

Mr. Olbrich states that his company is receiving orders from all parts of the territory for this class of goods, and he has letters which show how highly satisfactory the shipment of mill work have proven to customers all over New Mexico. It is a pleasure to note that this industry, which is only another indication of the progressive spirit of the new state, is enjoying such prosperity.

NOTICE.

Dissolution of Partnership.—The firm of Vayo Bros., composed of Joe Vayo and Ed Vayo, has been dissolved by mutual consent. Joe Vayo is no longer connected with this firm. Ed Vayo is assuming all business, paying all debts and collecting all accounts.
